Notes:
 1. This table contains packages identified in the "Description" line item include all supplies and services, except Physical Therapy, Pediatric Podiatry services and ECT services, where applicable.
 2. Hospital's Hospital Services Summary is based on "Net Hospital Revenue". The revenue data does not represent a representative list of all services offered (including, but not limited to, ancillary services, hospital, and ambulatory services offerings). Total service offerings do not amount to 100% due to the hospital's multiple service offerings.
 3. Revenue data is for the fiscal year ending on 12/31/2019. The revenue data does not represent a representative list of all services offered (including, but not limited to, ancillary services, hospital, and ambulatory services offerings). Total service offerings do not amount to 100% due to the hospital's multiple service offerings.
 4. Data presented in the table above will be updated at least annually, but is subject to change between updates.
